PROJETCS

<https://github.com/Kuper-S> 

Plan it web APP

The idea was to build an app that would make it easier to create different kinds of social events . task that often becomes desperate and complicated...

The application allows you to select any essential information for planning an event and grouping all the information in one place.

QUIZI

A cool and challenging game app, with surprises in it, a lot of humor and mostly fun! This is not another ordinary quiz game, some thinking outside the box.

VOLUNTEERING

Volunteering in a nursing home, helping the residents and producing external events .

Volunteering at an association for breast cancer patients .

Volunteering for the community, I have a welding certificate .

ABOUT ME

I fell in love with this field of Porgraming and found the spark I was looking for and the unending challenge .

I strive to learn some, evolve and become part of the world of programming and development. I like dogs, I like to laugh and I like to eat.
